

To whom it may concern

Re: - Ian J. Montgomery

I am pleased to confirm that I have known Ian Montgomery in excess of 15 years when he joined Virgin Atlantic Cargo/Virgin Aviation Services as a General Manager for our General Sales Agency subsidiary Air Cargo Partners as General Manager UK & Eire.

During his period of employment he always demonstrated a high level of skill, drive and performance with management colleagues, our customers and the authorities. His team spirit and positive attitude were key factors in achieving targets and motivating staff and his innovation led to the creation of Air Charter Partners as a successful charter broker product within the organisation, using his wide experience as Charter Manager UK & Eire for Lufthansa Cargo

As a Virgin Cargo consultant based in Kenya, Ian supported my Nairobi based Sales organisation with valued contribution on capacity and yield management needs.

As such I have no hesitation in recommending him as a responsible professional whose strong work ethic, integrity and commitment produces results.

Yours faithfully

John Lloyd
Director of Cargo
